HP StorageWorks U320e SCSI Host Bus Adapter

AH627A

**NOTE:** Recommended Dual Channel Ultra320 SCSI Controller for connecting multi-drive MSL tape libraries to ProLiant servers.

### Product Description

The HP StorageWorks U320e SCSI Host Bus Adapter provides customers with the flexibility and speed they have come to expect from HP. This HBA is ideal for HP MSL Tape Library customers needing to attach to ProLiant servers using the PCI-Express interface, and provides support for Ultra320 SCSI, Wide Ultra3 SCSI, and Wide Ultra2 SCSI protocols. It is the primary building block for SCSI backup solutions that provide the maximum of 320 MB/second bandwidth, twice the speed of previous-generation SCSI adapters.

### Benefits At a Glance

#### Simplicity - Certified

Compatible with the newest generation ProLiant servers, the HP SC320e SCSI Host Bus Adapter is the easy choice for connecting HP MSL tape libraries to HP ProLiant servers.

#### Agility - Throughput

With PCI-Express technology, the HP SC320e SCSI Host Bus Adapter has faster throughput when compared to SCSI HBAs utilizing PCI-X technology.

#### Value - Backwards compatible

The HP SC320e SCSI Host Bus Adapter is an Ultra320 SCSI controller with backwards compatibility to Ultra3 SCSI and Ultra2 SCSI

### Standard Features

#### Performance

The HP U320e Host Bus Adapter provides two Ultra320 SCSI ports while only taking up a single PCI Express slot. The adapter delivers exceptional system performance, utilizing dual Ultra320 SCSI channels that provide x4 PCI-e capabilities, transferring data up to 320 MB/s between the tape library and system memory.

<b>HP Integration</b>	Fully integrated and tested with ProLiant 100 series servers, ProLiant 300 series servers, ProLiant 500 series servers and MSL Tape Libraries
<b>Tagged Command Queuing</b>	Improves performance by accepting commands simultaneously, sorting efficiently and minimizing response time
<b>Suggested Solutions</b>	The HP U320e SCSI Host Bus Adapter is an ideal solution for connecting HP MSL Tape Libraries to ProLiant servers

#### Compatibility

Fully integrated and tested with selected HP ProLiant servers and HP MSL Tape Libraries.
